"ARCHITECTURAL REVIEWS"

There is a new form to complete before any additions to the outside of your home should be done. Please come by and pick one up before planting trees, etc.

If you are planning an addition to your outside structure drawings must be approved first. Any additions to your home is your responsibility. For example, if you are enlarging your deck, adding a screen porch or sunroom you must get additional insurance to cover your improvement.

If you plant a tree or bush and it dies, it is your responsibility to replace it.

If you have any additions to the outside of your home please submit your plans to me and I will pass them on to the committee.

Thank you! Grenda
